Yihe Metal

Chengdu Yihe Metal Materials Co., LTD

One-stop stainless steel product service manufacturer

Company Profile

Chengdu Yihe Metal Materials Co., Ltd. is located in Chengdu, Sichuan Province. Our company is a collection of domestic trade, foreign trade as one of the professional steel sales company. Our company has our own R & D team and professional business team. Our hot selling products include stainless steel sheet/pipe/coil/stripe/profile/bar. Products are widely used in chemical, pharmaceutical, electric power, railway, automobile, purification equipment, environmental protection engineering, construction engineering and other fields. The company has long-term and close trade relations with well-known domestic steel enterprises such as TISCO, Jiusteel, Baosteel and Posco. We have set up warehouses in Chengdu, Sichuan Province, China and Wuxi, Jiangsu Province. Our factory with dozens of processing lines, sufficient inventory, and advanced WMS and CRM management systems to ensure that customers have no worries in the whole process of product consultation, purchase and ordering! Our experienced sales team is located all over the world, not only in the domestic market of China, such as the United States, Europe, the Middle East, Southeast Asia, Africa, and South America. We will provide you with the shortest delivery time on the basis of quality and quantity; "Integrity" is the company's only principle, "win-win" is the pursuit of the direction. We will always serve you warmly and look forward to long-term cooperation with you.

Our Company factory

Factory appearance, our company always has a lot of steel coil inventory, the delivery time is guaranteed, has won the praise of many customers, and welcome the same industry people and customers to visit and guide

Partners

- ◆ Jiusteel Group
- ◆ Tisco Group
- ◆ Dongfang Special Steel
- ◆ Ningbo Baoxin
- ◆ Baosteel Group
- ◆ United Media (Guangzhou)
- ◆ Zhangjiagang POSCO
- ◆ Qingdao POSCO

We buy raw materials from these steel mills. We are the first-level agent of Jiusteel Group, and we do cutting and surface treatment by ourselves. Our products are mainly 201, 304, 316L, 310, 409, 430, 2205 double-phase steel with thickness ranging from 0.3mm to 120mm, cold rolled and hot rolled plates. The width is 1219mm, 1524mm, 1500mm, and the length can be customized.

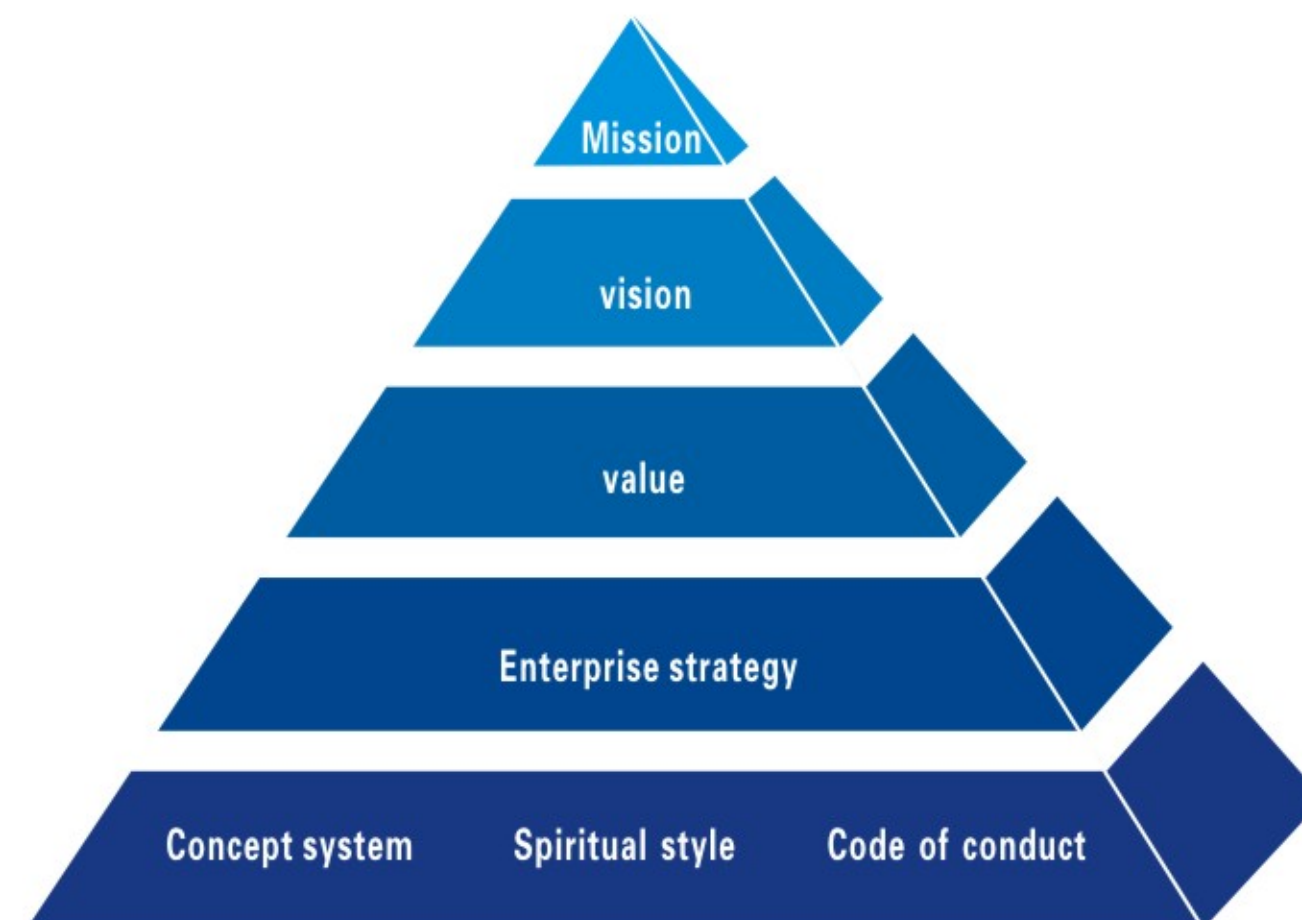

Our Company Service & office

- 1、 Professional production machines
- 2、 Excellent foreign trade sales team
- 3、 100 Experienced production and design staffs
- 4、 Customer satisfaction is the driving force of our progress, quality first, service second, professional third
